Richard,

If you have any need for overnight communications here's the list. I'll keep updating it here and have the most recent version for you when needed starting at 8am tomorrow. If you have to send an email, copy the email addresses into the **Blind CC** field in your email. That's my #1 lesson learned as the Mosier liaison officer!!

-Scott

Thanks Scott – I had our START contractor put together a list of contacts. Perhaps we can use this one as a starting point or add to yours? Up to you. Thanks so much! See attached.

Subject: Liaison List for Space Age Fuels Spill

Good afternoon,

I just wanted to make you aware that I have made a contact spreadsheet of all of the people who (I am aware of) who have asked to be notified on updates on this spill. I have instructed Mike Greenburg on how to use the list or I can do so myself. If we get to the point that we want to send out a daily or twice daily update for this incident then let myself or Mike Greenburg know and we can make that happen.

Thanks,

Scott
